DakotaPro.biz Announces Silver Sponsorship of AMIT's Business and Technology Expo on May 23rd

Contact: Bill Bosmeny

Dakota Internet Partners (DakotaPro.biz), Southern Arizona's largest locally owned Internet Solutions Provider, announced today that it has become a Silver sponsor of AMIT's Business and Technology Expo to be held at the Tucson Convention Center on May 23rd.

"Participation in this show is just another way we are demonstrating our local presence here in Southern Arizona's Technology market. AMIT is providing this service to Tucson business people as a way to easily see the products and services available to help them run their businesses.

Look for us at one of the large booths in the center of the show. We will be showcasing our fixed wireless, managed security, and collaborative hosting services that have been so popular with our customers." said Bill Bosmeny, President and CEO of DakotaPro.biz

DakotaPro.biz is the business solutions division of DakotaCom.Net, which has been operating in Tucson and Southern Arizona since 1995 and has one of the most advanced networks and server collocation facilities in Southern Arizona. The company provides a wide range of broadband services and data solutions to both business and residential customers.

DakotaCom.Net received the coveted 2006 Better Business Bureau of Southern Arizona's Business Ethics Award.
